COMMENTS
Hygiene Changes		X	X		X ^o	X	X	*If likely to have body fluid touch clothing
Toileting a student		X	X		X ^o	X	X	*If likely to have body fluid touch clothing
During transfers (of your student or helping with another)		X			X ^o	X	X	*If a child drools a lot and may place their head on your body during transfer
Feeding a child who splashes		X		X	X ^o	X	X	*If a child is extremely messy

- Close contact described as closer than 6 feet for longer than 15 minutes in a 24 hour period
- Safety goggles and face shields are interchangeable. Safety goggles should fit over your glasses.
- Art smocks, changing your clothing, or wearing several layers of clothing are interchangeable. The goal is to keep secretions off of your body/clothes before you move on to the next student. The method of which you do this can be determined within each classroom and by the comfort level of the staff.
